

ASPIRATIONS OF FRANCE AND ITALY ARE 'UTOPIAS' WHICH WILL BE AVENGED--CZERNIN

Austro-Hungarian Foreign Minister Makes Another "Peace" Address

"Tried to Avoid Fresh Offensive"

AMSTERDAM, April 3.—Count Czernin, the Austro-Hungarian foreign minister addressing a delegation from the Vienna city council which waited on him Tuesday in connection with what the burgomaster termed the aggravated distress of the population which is closely connected with the general political situation said:

"With the conclusion of peace with Roumania the war in the east ended. Before, however, turning to individual peace treaties and discussing them in detail, I would like to revert to the declaration of the president of the United States in which he replied to the speech delivered by me January 24.

"In many parts of the world President Wilson's speech was interpreted as an attempt to drive a wedge between Vienna and Berlin. I don't believe that, because I have too high an opinion of the president of the United States and his outlook as a statesman to believe him capable of such a way of thinking. President Wilson is no more able to ascribe dishonorable action to us than we to him.

"President Wilson does not desire to separate Vienna from Berlin and he knows, too, that that would be impossible. Perhaps President Wilson says to himself, however, that Vienna is more favorable soil for sowing the seed for a general peace. Perhaps he says to himself that the Austro-Hungarian monarchy has the good fortune to possess a ruler who sincerely and honestly desires a general peace, but who will never commit a breach of faith or conclude a dishonorable peace, and that behind the emperor king there are fifty-five million people.

"President Wilson says also, perhaps, to himself, that this united mass represents a force which is not to be underestimated and that this honest and strong desire for peace which binds the monarchs, governments and peoples of both states is capable of being the bearer of that great idea in the service of which he has placed himself."

Explains Misunderstanding

Referring to his last speech Count Czernin explained the misunderstanding of his remark that the text was already in the president's possession by declaring that he had previously arranged for the text to be telegraphed to Washington from an unofficial source in a neutral country in order to prevent any misunderstanding or distortion. It subsequently transpired, however, that the text only arrived at its destination some days later. Nevertheless he said the object was attained and continued:

"I can only say that I esteem it highly that the German chancellor, in his excellent speech of February 25, took the words out of my mouth by declaring that the four principles developed by President Wilson's speech of Feb. 11, formed the basis upon which a general peace could be discussed. I am in entire agreement with this.

"The four points laid down by the president are the suitable base on which to begin the discussion of a general peace. Whether, however, the president will succeed in his endeavors to rally his allies on this basis or not is a question.

Tried to Avoid Fresh Offensive

"God is my witness that we have tried everything possible to avoid a fresh offensive, but the entente would not have it thus.

"Sometime before the western offensive began M. Clemenceau addressed to me an inquiry whether and upon what basis I was prepared to negotiate. In agreement with Berlin I immediately replied I was prepared to negotiate and as far as France was concerned the only obstacle I could see in the way of peace was the French desire for Alsace-Lorraine.

"The reply from Paris was that it was impossible to negotiate on this basis. Thereupon there was no choice left.

Utopias Will Be Avenged

"The colossal struggle in the west has already broken out. Austro-Hungarian and German troops are fighting shoulder to shoulder as they fought in Russia, Serbia, Roumania and Italy. We are fighting together for the defense of Austria-Hungary and Germany. The aspirations of France and Italy are Utopias which will be terribly avenged.

"Come what may we shall not sacrifice Germany's interests any more than she will leave us in the lurch. We are not fighting for imperialistic or annexationist ends for ourselves or for Germany, but we shall go forward together to the last for our defense, for our existence as a state and for our future.

"The first breach in the will of our enemies for war has been made by the peace negotiations with Russia. It was a break thru of the peace idea. It is evidence of childish diuturnism to over-look the inner connection be-

tween the various conclusion of peace. The constellation of enemy powers in the east resembled a net. When one mesh was severed the others gave way.

Blow at Heart of Enemies
"The Ukrainian peace lead to peace with Russia and Roumania, becoming isolated was obliged to conclude peace. We had to begin with Ukraine both on technical and material grounds. The blockade had to be broken and the future will show that the conclusion of peace with Ukraine was a blow at the heart of the rest of our enemies.

Will Be Starting Point
"The peace concluded with Roumania it is calculated will be the starting point of friendly relations. The slight frontier rectifications which we receive are not annexations. Wholly uninhabited regions, they serve solely for military protection. To those who insist that these rectifications fall under the category of

IS INTENDED TO BRING DISCORD AMONG ALLIES

WASHINGTON, April 3.—American government officials and the entente embassies saw another Teutonic peace offensive today in the reported speech of Count Czernin, the Austro-Hungarian foreign minister, declaring that recently negotiations were near between the Austrian and the allied governments. The move, evidently conceived in Germany, they said, was made just as it became certain that the German drive in the west had failed of its purpose and was intended to bring discord among the allied powers and to cause discontent among their populations.

The foreign minister's statement that Premier Clemenceau of France, had advanced a suggestion of peace discussions and his reference to Alsace-Lorraine as a stumbling block it was declared here, were designed to create the belief that the allies desire to recover Alsace-Lorraine for France is the only thing that stands in the way of peace.

Officials and members of the diplomatic corps were unanimous in their declarations that Czernin's statements had no basis of fact and further that no peace suggestions coming from the Teutonic powers would be given consideration at this time. There was no disagreement in the conviction that Germany must be defeated by force of arms before the question of peace is taken up in any way.

Some believe that Czernin's speech is a forerunner of some declaration by the German government on the subject.

COMMITTEE ENDS EXTENSIVE SHIP INVESTIGATION

WASHINGTON, April 3.—Investigation of the general shipping situation virtually was brought to an end today by the senate commerce committee when Chairman George J. Baldwin, chairman of the board of the International Shipbuilding Corporation, which has a contract to build about 200 fabricated steel ships, for the government at Hog Island, Pa., ship yards.

Mr. Baldwin amplified his oral testimony, answering charges of mismanagement and extravagance at Hog Island, with a written statement which was made a part of the records and which explained in detail the contract between the American International Corporation and the shipping board. He said the corporation is in fact an agent of the board and as such an arm of the government and that it received no compensation for the building of the yard and that the only money it will receive will be in the commission for constructing the ships.

Summing up the general situation Mr. Baldwin said in his statement:

"We contend that the scheme in its entirety was the only proper and practical way in which the government could speedily have its ships.

"That the contract in its entirety was an honest and a reasonable one, not burdensome upon the government.

"That from a commercial standpoint we would not undertake to perform the service and do the work which we are doing in this matter for the fee which we are to receive.

OFFICIAL STATEMENTS

LONDON, April 3.—The British war office pays a compliment to American airmen in the official statement issued tonight on aerial operations.

"During the last fortnight of intense fighting in the air," says the statement, "the assistance rendered by the personnel of the American air service attached to the Royal Air Service has been invaluable."

PARIS, April 3.—The war office announcement tonight says: "There was no infantry action during the course of the day. Quite violent a artillery fighting was maintained in the region north of Montdidier, especially between Demuiller and Hangard-Santerre. It was quiet everywhere else."

LONDON, April 3.—An official statement issued by the Turkish war office and received here says: "On the Palestine front our attacking troops have been very active. East of the Jordan the enemy troops have been defeated and the pursuit continues."

AMSTERDAM, April 3.—A Berlin communication received here reports the landing of troops in Finland. The statement says: "Part of our naval forces, this morning after a difficult passage thru the ice and mine fields landed troops, destined to give help in Finland, at Hangö."

BERLIN, April 3.—via London.—German troops yesterday captured the heights southwest of Moreuil, on the Somme front, the German general staff announced today. A night thrust by British troops against Ayeette was repulsed by a counter-attack.

The British attacked with strong forces between Marcellave and the Luce, the statement adds but they were driven back with heavy losses.

URGES FEDERAL PROTECTION OF SCHOOL CHILDREN

Iowan Says German Propaganda Now Affects Students

WASHINGTON, April 3.—Representatives of every state, including more than a dozen governors, met here today at an Americanization conference called by Secretary Lane of the Interior Department, to draft recommendations to congress for legislation providing for a national campaign against illiteracy. The opening session was given over largely to denunciations of the foreign language press and teaching of enemy tongues in elementary schools. In a speech full of invective against disloyalty he claimed was prevalent in some sections of the middle west former Senator Lafe Young of Iowa, urged that the federal government take steps to protect school children from malignant effects of German propaganda.

Singing of "Deutschland Über Alles" and "Die Wacht Am Rhein" he asserted marks the closing of the day's session even now in more than 1,000 middle western schools.

Diverging from an exhortation of the German language press the former senator said, "if the United States senate would expel Senator LaFollette it would be like driving a whole German division from the western front."

Secretary Lane opened the conference with an address emphasizing urgent need for dealing with illiteracy. It was proposed the conference obtain special congressional hearings for presentation to congress of a program calculated to improve the educational condition of the nation's large foreign born population. General resolutions along these lines were committed for consideration by a special committee.

Up to thirty days ago in some Nebraska schools, the American national anthem was unknown, German hymns always having been the accepted patriotic songs, according to former Lieutenant Governor Richard L. Metcalf, of the Panama Canal Zone. In a few counties of that state, Mr. Metcalf said, the German born population preponderates so greatly that the English speaking schools are practically unattended.

CONGRESS ASKED FOREXTENSION OF FEDERAL POWER

WASHINGTON, April 3.—Vast extension of federal powers over shipbuilding, ships, shipping rates, docks and terminals, has been asked of congress by the shipping board and is proposed in two bills introduced by Senator Fletcher of Florida, chairman of the commerce committee after conferences with Chairman Hurley.

The president would be authorized by the legislation to prescribe thru the shipping board, charters and freight rates and to take over ships, docks, wharves and terminal facilities in one bill and the second measure amending the law creating the shipping board would extend its authority over ownership and transfer of vessels existing or under construction. Both bills have been referred to the commerce committee.

In explaining the new legislation today Senator Fletcher said the bills were necessary to meet the big guns of the opposing side, the big guns of the opposing side have opened in duels of great proportions and it apparently is not unreasonable to assume that either side at any moment may take the offensive with their infantry in resumption of a battle which rages among the greatest of the war has ever seen.

Since the beginning of the present week there has been no marked change in the alignment of the opposing sides from Arras southward to Chauny. The fighting has lacked the sanguinary character of the previous days, owing in part, no doubt to the extremely bad weather conditions. Neither the Germans nor the Allies have been idle however, for daily there has been going on a reinforcement of strategic positions both in man and gun power for the coming engagements upon which it is conceded so much depends for the victors.

In the vicinity of Lens artillery duels of intensity have been revived on some sectors and Belgium at various points reciprocal shelling continues. In both these regions, however, the infantry has kept to the trenches except for patrols and reconnoitering purposes. An American sector has been heavily attacked with gas.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Altho the fighting activity along the entire front of the new Somme offensive remains slight there still prevails the feeling soon again battles on a large scale will begin, and with the allied troops after the respite of several days strongly arrayed in battle formation and eager to test their strength against that of the foe.

From the Somme to the Oise river, along that portion of the battle lines which bulges out toward Amiens, Arras and Brest, the big guns of the opposing side have opened in duels of great proportions and it apparently is not unreasonable to assume that either side at any moment may take the offensive with their infantry in resumption of a battle which rages among the greatest of the war has ever seen.

Since the beginning of the present week there has been no marked change in the alignment of the opposing sides from Arras southward to Chauny. In both these regions, however, the infantry has kept to the trenches except for patrols and reconnoitering purposes. An American sector has been heavily attacked with gas.

In the Italian theater there still is no indication of when the expected big battle between the Italians and the teutonic allies will burst but daily there is increasing activity all along the front.

LENROOT LANDS SENATORSHIP BY 10,000 VOTES

MILWAUKEE, Wis., April 3.—Congressman Irvine L. Lenroot (Republican of Superior) has been elected United States senator to succeed the late Paul O. Husting, having defeated Joseph E. Davies, Democrat in yesterday's election according to incomplete returns by a majority estimated at more than 10,000.

Victor L. Berger, Socialist ran third, approximately 35,000 behind Davies, from the figures at hand. Similar returns indicate the election of Marvin E. Rosenberry, present incumbent Justice of the Supreme Court over Charles L. Crownheart, a LaFollette leader, by more than 40,000. Both ran as non-partisans. The precincts still to report will increase the margin of the winner's leads.

The approximate vote indicated by returns received up to tonight give:

Lenroot 143,000.
Davies 133,000.
Berger 97,000.

Complete returns may swell each total considerably. Davies sent a message to Mr. Lenroot congratulating him on his election.

Mayor Daniel W. Hogan, Socialist, was re-elected, in Milwaukee by about 2,500 over Percy Braman, non-partisan however, the balance of the city ticket went to the non-partisan candidates.

As at present the common counsel will remain politically as before with 19 non-partisans and 12 Socialists, according to available returns.

AMERICAN CAR CO. STRIKE IS SETTLED

CHICAGO, April 3.—A strike of 800 employees of the American Car Foundry company, which threatened delay to work on airplane parts was settled today. The men accepted an offer of ten per cent increase in wages and obtained also an eight hour basic day with time and a half for overtime. Under these conditions they abandoned a contention that the plant be operated on a three instead of present two shift plan.

HOUSE PASSES BILL

Washington, April 3.—A bill to allow national banks in the same county or town to consolidate was passed today by the house and sent to the senate.

RECOMMENDS SUSPENSION OF SWIFT AND CO

New York Branch May Be Out of Egg Business 30 Days

NEW YORK, April 3.—The federal board of New York recommended to Food Administrator Hoover today that the New York branch of Swift & Co. be suspended from all transactions in eggs for thirty days, beginning next Monday, because of the firm's buying and selling eggs at a higher price than that fixed by the food board. A like recommendation was made in the case of C. H. Zinn & Co. who purchased the eggs for Swift & Co.

The telegram to Mr. Hoover also recommended that Swift & Co. refund thru a contribution to the federal government effort, the excess charge to the public amounting approximately to \$6,000.

Cooperated in Every Way

Chicago, April 3.—W. F. Jackson, head of the produce department of Swift & Co. tonight said that the recommendation of the food board of New York that the New York branch of the packing firm be suspended from transaction in eggs for thirty days for the alleged buying and selling of eggs at prices higher than those fixed by the board, must be due to some mistake as there had been no violation by Swift & Co. He said his company had been co-operating with the food administration in every way suggested.

MUST SPEED U.S. TROOPS TO FRANCE

WASHINGTON, April 3.—Speeding up of American troop movements to France is engrossing attention here. President Wilson held his weekly conference with heads of the war making the production branches of the government today and it is understood means for throwing full resources of the United States into the conflict this year were talked over.

One step to that end has to do with calling of the 800,000 men which it already has been announced will be mobilized thru the selective service machinery during the year. Assurances have been given that no great withdrawals of men from agricultural and industrial life would be made at one time, but indications are that a statement now being prepared will show a larger force will be mobilized this month than had been intended before the German drive altered conditions broad.

From now on fighting troops in General Pershing's army will increase rapidly. Heretofore, the extensive scale on which preparations were being made in France has demanded the sending ahead of special units and technical troops at a rate out of all proportion to the fighting units which were also moving. Probably nearly 50 per cent of the force in France up to a short time ago were troops of this character. Figures reaching here as to allied losses in the bitter days just closed in Picardy indicate that British and French casualties have been unexpectedly light in view of the scope of the action. One estimate heard about its accuracy is open to doubt, fixes the total, including prisoners at between 125,000 and 130,000 for the twelve days of ceaseless battle along a fifty-five mile front. This is to be compared if correct with French estimates of 350,000 to 450,000 Germans killed, wounded or captured.

The tide of battle seems to have turned and what few gains there are being made by the allies. The German advance has been checked before it reached its objective point and to that extent has proven a failure, after tremendous sacrifice of life and morale.

There are said to be over two million alien enemies in the United States who should be put to work to help win the war against the Huns. There are plenty of men over draft age who would enlist to guard them.

Uncle Joe Cannon is 82 years of age, but his wit has lost none of its mordant quality. In the Republican cloakroom the other day someone was asking why so many of the "near beer" commissioned officers who are making the war safe wear spurs.

"That's easy," replied Uncle Joe. "It is to keep their feet from sliding off their desks."

The New York Tribune has raised the banner of Roosevelt for the Republican nomination for president. The selection is some years off and in this day of radical changes there may be other candidates—among them the governor of our own state—Lowden. It is encouraging the number of good men the Republican party might offer.

THE LESSON OF SOCIALISM.
There is at least one benefit in the Russian collapse. The world now knows just how practicable extreme Socialistic doctrines are when applied on a big national scale. Those who formerly opposed this cult will be strengthened and reinforced in their opposition. Instead of sweeping the world Bolshevism is likely to give a decided setback to radical views, even when these are altogether sound, just as the excesses of the French revolution produced a wave of reaction in Europe that lasted for half a century. Good causes may suffer along with bad because of Russia's colossal blunders.—Philadelphia Record.

THE DANGER OF TEMPORING.
Col. Henry Watterson, in the Louisville Courier-Journal, gives his readers some plain advice about peace. He says in part:

"The end of the war is to be wrought not by penwork, however clever, but by the sword of the Lord and of Gideon; the 'terms' are to be delivered out of the mouths of cannon; the lazy sons of peace who are too good to live and too proud to fight will have to put on something more than war paint and feathers before they can be trusted in the final contest to handle results. Down with tommyrot!"

There are a few other things to be considered than "freedom, justice and respect for the principles of international law." We shall not treat with the Hohenzollern at all, nor with Germany, until Germany is born again. Meanwhile there are scores, many and bloody scores, to settle; the Lusitania and the Sussex; the Belgian horrors, especially the murder of Miss Cavell; the murderous air raids upon London and Paris and the undefended coast towns and hamlets. Even as we have suffered the Hun shall suffer.

"Vengeance is mine, saith the Lord" but Heaven has heard the shrieks of drowning women—has seen the tiny hands of children stretched out in dumb entreaty from the bottom of the sea—and, in answer to both, another voice exclaims above the din of the tempest and the roar of battle, "Smite the Philistine hip and thigh!"

If we equivocate we are lost. Freedom in the United States requires not only the destruction of autocracy in Germany but the total annihilation of militarism and the military spirit. If any power is left intact in Germany to make treaty with any other power, we are lost. If all government in Germany be not blotted out even as the Southern Confederacy in America was blotted out we are lost. We have fought in vain and all our sacrifices in blood and treasure will go for naught if we make not clean and sure work of it. We must smite the Philistine hip and thigh.

KEEP OLD GLORY FLYING
Our boys are on the firing line. They're where the bullets rattle. Those dandy boys, so brave and fine,
Are in the midst of battle. And over there, across the sea, Are orphan children crying; So lend your aid for "Liberty" And keep Old Glory flying.

You and I in our fair land Know naught of conflict raging. So let us give with willing hand. The griefs and pains assuaging. Over there, across the sea, Are orphan children crying. Then aid the drive for "Liberty" And keep Old Glory flying.

You and I in Freedom's home Are safe under cover. Without the Prussian hordes should roam Across the seas, and over— Then over here in land of free Our children would be crying. So aid the drive for "Liberty" And keep Old Glory flying.

You and I have dimes to spare, Dollars we're not needing. While lads are fighting "Over there," Torn by shell, and bleeding. Over there, across the sea, Are many heroes dying. So aid the drive for "Liberty" To keep Old Glory flying. —S. A. Hughes.

You and I have dimes to spare, Dollars we're not needing. While lads are fighting "Over there," Torn by shell, and bleeding. Over there, across the sea, Are many heroes dying. So aid the drive for "Liberty" To keep Old Glory flying. —S. A. Hughes.

THE NEW YORK TRIBUNE has raised the banner of Roosevelt for the Republican nomination for president. The selection is some years off and in this day of radical changes there may be other candidates—among them the governor of our own state—Lowden. It is encouraging the number of good men the Republican party might offer.

THE LESSON OF SOCIALISM.
There is at least one benefit in the Russian collapse. The world now knows just how practicable extreme Socialistic doctrines are when applied on a big national scale. Those who formerly opposed this cult will be strengthened and reinforced in their opposition. Instead of sweeping the world Bolshevism is likely to give a decided setback to radical views, even when these are altogether sound, just as the excesses of the French revolution produced a wave of reaction in Europe that lasted for half a century. Good causes may suffer along with bad because of Russia's colossal blunders.—Philadelphia Record.

FUEL ADMINISTRATOR SOUNDS WARNING

EARLY BUYING OF NEXT WINTER'S SUPPLY IS URGED.
Definite Rules Outlined for Consumers and Dealers—No Hard Coal to be Delivered Except on Written Order—This Rule Suspended as to Soft Coal—Letter to All Dealers.

The retail coal business this year will experience some radical changes occasioned by the unprecedented demand for coal and the zoning system. Some little confusion about prices resulted recently from a notice issued in Washington indicating that mine operators would be instructed to charge about 45c a ton less than had previously been true. This notice failed to show that the prices quoted did not include the 45c a ton authorized by President Wilson in an earlier agreement. When the whole thing was summed up it was found that the prices remained just the same as before except that the mine operators were authorized to charge 5c a ton additional for mine run coal.

Complete instructions regarding the situation were received yesterday by M. F. Dunlap, food administrator and are outlined herewith.

Administrator's Advice.
For this season the dealer is hedged about with all sorts of rules and regulations and must immediately place orders for both hard and soft coal with the firms previously taking care of his orders. The dealer before supplying the wants of any retail customer is required to have a signed application from that customer covering his annual requirements. This blank must show the quantity and kind of coal desired and the amount of space to be filled, and whether or not the applicant has on file orders with other dealers. So the advice of the state fuel administration issued to all consumers is:

First—Order your coal at once.
Second—Place your order for your entire year's needs.
Third—If your order is not accepted, report to the local chairman at once.

The statement made by the state fuel administration further goes on to say:

"If you want coal next winter, those are the three things to do to get it. The Fuel Administration will not hold itself responsible for the fuel supply of the state unless it is laid in now.

"If you have storage space for your year's supply take it all in now. If you haven't try and make space. Fill up every space you can with coal, until you have enough to keep you warm until March 31st next.

"The railroads were unable to haul coal that was needed during last winter. If you want coal next winter, you'll have to get it now. If you order now and take the coal as soon as you can get it, the mines will be kept running this summer and there will be enough coal to go around.

"In order to prevent the dealers from playing favorites, and giving some of their customers all the coal they order and others none, the Fuel Administration has ordered the dealers of the state not to deliver to any customer more than two-thirds of his total requirements of anthracite until all customers have that much.

"They can then deliver what is left over, until each of their customers have enough to last them until March 31, 1919.

"Where not more than four tons of anthracite are ordered during the whole year, the whole order may be filled at once.

Anthracite Supply Cut.
The amount of anthracite coal which each dealer is to get has been fixed and there is small chance of its being increased.

"There will be almost no coke in Illinois for domestic use and no Pocahontas coal, and consumers who have relied on them would be wise to place their orders for Illinois coal at once.

"Illinois will get no soft coal produced east of Indiana. The movement of Indiana coal into Illinois is restricted to the Eastern part of the state only. The consumer, therefore, must be prepared to accept such soft coal from the dealer who the dealer has been able to secure from the producer.

Altho the order has been issued requiring domestic consumers to file signed application blanks, the state fuel administrator has issued an exemption to consumers of soft coal from this exception is made in order to expedite the early buying and ordering of soft coal. If the blanks were filled, out consumer would be required to place the order for the entire year and because of the exemption from the order he need purchase now only such a part of the sum total that will be needed for the year.

The state fuel administrator has also issued the following letter addressed to all the retail coal dealers in Illinois telling them just how to proceed in the handling of their business.

While a great majority of the people in this locality use bituminous or soft coal, about 60 to 75 cars of anthracite or hard coal are ordinarily consumed. According to the regulations just issued with reference to sale and distribution of anthracite coal in this state outside of Cook county, most of the consumers will find it necessary to cut down on the amount of hard coal they are to use. The allotment of hard coal is limited because not nearly so much of the supply will be permitted to come to the western or northwestern states as has been true in the past.

Sign'd Orders.
The use of hard or anthracite coal will be limited to those persons who have formerly used it. These consumers will be obliged to sign the application blanks previously referred to and the dealer

then can furnish the coal with order diminution if the order amounts to four tons or less. If the order is for more than four tons the coal must be delivered in installments of which the first installment shall be four tons. After all persons having orders on file for hard coal have been supplied to the amount of four tons, then the dealer may deliver another installment of four tons and this plan can be followed until the coal has been equitably distributed.

The following letter has been issued by the state fuel administrator to all Illinois coal dealers:

Then can furnish the coal with order diminution if the order amounts to four tons or less. If the order is for more than four tons the coal must be delivered in installments of which the first installment shall be four tons. After all persons having orders on file for hard coal have been supplied to the amount of four tons, then the dealer may deliver another installment of four tons and this plan can be followed until the coal has been equitably distributed.

The following letter has been issued by the state fuel administrator to all Illinois coal dealers:

Adoption of the Zone System, with its withdrawal of bodies of eastern soft coal from the state, and the retention within the state of coal of relatively large quantities of coal which were formerly shipped out, are likely to cause important changes in the situation which will closely affect the interests of retail dealers.

There will be a tendency for Illinois coal nearly resembling the withdrawn eastern coal in quality to be withdrawn from the state, and which must again be filled by the inflow of different Illinois coals. Thus the dealer's position is being changed in distribution, and possibly to affect existing connections between dealers and producers.

The dealer can best protect himself by placing his orders early. He who buys in April will be in the best possible position to make favorable connections. If he waits longer he may find that industrial or other interests have got in ahead of him.

The official policy of the state effort he is unable to have his orders accepted he is invited to write to the fuel administration which will undertake to see that he gets coal. But he is warned that he is far more likely to get what he wants if he makes the effort himself and places his orders early.

From this it will be seen that there is nothing in the new situation that prevents the dealer from making direct and normal connection with his regular source of supply. It only encourages it. But it must be admitted that there are elements in the situation that make it more difficult for the dilatory dealer to secure a satisfactory supply. All the conditions are in his favor if he places his orders early. The fuel administration does not want to accept the responsibility for what will happen next winter to the slow and backward dealer who puts off buying until it is too late.

NOT ENOUGH COAL IN SIGHT
As far as we can see there will not be enough coal next winter to satisfy all needs. It is not a new situation. We are heading for a sure and certain shortage unless we put forth heroic efforts to prevent it. Unless we can keep the mines running and the railroads hauling every day of this summer, we are inviting a repetition of last winter's agony, and we will assuredly get what we invite.

The retail dealer is the defender of his community against such perils as this. It is up to him to man the trenches and resist the onslaught of coal famine. Without him the community is helpless; unless, indeed, by some superhuman effort, he is able to undertake to assume his functions and protect itself against the enemy if he refuses to fight. But this is an enemy he cannot fight unless he is prepared. An attack in January can only be defended in May and July.

July. The only ammunition against fuel famine is coal, and it must be stored in the summer if it is to be used in the winter. Again we warn you to place your orders early.

AS TO ANTHRACITE AND COKE
The administration has found it necessary to withdraw domestic coke from the market because of the urgent demands of other national necessities. This office is not yet prepared to deal with the question of coke, but will reserve its action until the situation is more fully developed and more adequate information is available.

The safer policy for the coke user to lay in a supply of bituminous coal while an advantageous selection is yet possible.

For reasons growing out of war necessities and the problems of the administration it has been found necessary to limit the distribution of anthracite to those who have formerly used it. The quantity allotted to Illinois is based on the amount consumed during the year ending March 31, 1917. The same year has been taken as a basis for the certified statement of the state's anthracite requirements provided for in the order.

EXEMPTION OF BITUMINOUS CONSUMERS
In order to expedite the early ordering of bituminous consumers the State Fuel Administrator has decided to exempt such consumers from the order requiring them to fill in and certify to a yearly requirement blank provided for in Section 10 of the Washington Order of March 3, 1918, until further notice. Bituminous users, therefore, need not be deterred from ordering coal because of their reluctance to order a year's supply. They can be urged to buy in what quantities they desire, and the more and the earlier the better. The consumer's statement is still required, and a sample blank is enclosed herewith.

DEALERS SHOULD MAKE EXTRAORDINARY EFFORTS
It may be taken for granted that there will be an ample supply of Illinois coal during the next month or six weeks. After that time it is likely that the demand for a sizeable quantity of coal will be difficult to procure the desired kinds and sizes, and all patriotic citizens who are disposed to help the government in the fuel problem will at once place orders from the dealer who has coal available so that the mines can be kept running 100 per cent production during April and May, which is usually the only slack period of the year.

The dealers should make extraordinary and heroic efforts to secure about as large deliveries as possible during the period mentioned by using the telephone freely and sending out individual letters explaining the situation and necessities of the case to their large customers. They should not only appeal to the patriotism of the customers, but give them the honest warning that if they do not stock up now while they have an opportunity, they are likely to find themselves short of coal for the next year during the winter months, and in that event they will have no one to blame but themselves.

It is possible during the next sixty days to take care of all the domestic bituminous business that may be tendered to the dealers.

IN CONCLUSION
Accompanying this letter you will find a set of instructions designed to inform you of the regulations issued for the new coal year just beginning. They will take effect as of April 1, 1918. Trusting that we may have your loyal and efficient co-operation in carrying out the spirit of this letter and the rules and instructions of the instructions sent herewith, I am,

Very truly yours,
JOHN E. WILLIAMS
U. S. Fuel Administrator for Illinois.

GAVE FACULTY ENSEMBLE RECITAL

Members of Faculty of Illinois Conservatory of Music Appeared in Brilliant Recital at Northminster Church.

An evening devoted to chamber music brought much pleasure and inspiration to the large crowd and sympathetic audience which assembled in Northminster church to hear the Faculty of Illinois College Conservatory, on April 2nd. The program, of itself rich in promise of varied beauty, gained a reading that was surpassingly beautiful in the performance of the artists, who brought consummate skill and understanding to their task of interpretation. It opened with the Trio in D major, op. 5, written by Wolf-Ferrari for violin, piano and cello, a lovely composition, and grateful for this combination of instruments. The work of the Conservatory Trio, Fritz, Mr. Munger and Mr. Beebe dates back to the years spent together in Europe before any of them came to Jacksonville, and possesses those qualities which come to an organization of long experience. Their playing of this number was finished and refined and most sympathetic to the changing moods and wistful appeal of the composer's purpose.

"A Day of Beauty" is the title of a lyric suite for high voice, string quartet and piano by Clough Leichter, the number upon which, perhaps, the greatest interest was focused because of its newness to Jacksonville programs and because of the mental stimulus to which the descriptive subtitles assisted. Raint, Morn, Silent Noon, Starry Night, were the guide posts of this artistic adventure and the imagination thru fascinating paths and ravines to heavenly vistas of ethereal beauty.

Mrs. Wilson's part in this number was exquisitely done and laid a new emphasis on her reputation for versatility. Always she charmed her audience with her beauty of tone and graceful ease of manner. The enthusiasm of her work, Mr. Munger with an encore, singing the great Aria from Madame Butterfly in her own inimitable way.

The accompaniment to the Clough Leichter Suite deserves more than a passing mention. Its clever instrumentation makes it more than an accompaniment. It is active and picturesque and forms a series of settings in which violin, piano and cello vie with one another.

It is hoped that these faculty ensemble recitals will give us more frequently during the coming year. The program: Trio in D major, Op. 5, Wolf-Ferrari. Allegro molto moderato—Presto-Larghetto Allegro vivace—The Conservatory Trio. Violin, Mr. Knabe; piano, Mr. Munger; cello, Mr. Beebe. A Day of Beauty, lyric suite for high voice, string quartet and piano, by Clough Leichter. Raint, Morn (words by Henry Van Dyke). Silent Noon, Pastoral (words by Dante Gabriel Rossetti). Starry Night (words by B. W. Prior).

Voice, Mrs. Genevieve Clark Wilson. String quartet, Mr. William E. Knabe, Miss Mabel Forrester, Mr. Dean Cochran, Mr. Paul C. Beebe. Piano, Mr. Edmund Munger.

Trios—Euphonia, Op. 72, Schmitt. Introduzione (con molto passione)—Poco allegretto grazioso—Allegro furioso—Allegretto moderato con molto sentimento—Vivace—The Conservatory Trio.

"The Narrow Trail"
From the story by William S. Hart

It is the first story ever written by the great delineator of western character, and is built around narratives related to him by an early settler in Dakota Territory, who, when Hart was a boy, gave him his first lesson in horsemanship.

It co-stars Fritz, Hart's famous Pinto, which should be of interest to the pony's thousands of admirers in all parts of the country. It is a typical Hart picture of wild out-of-door life, filled with wondrous pictures of the great West, and throbbing with tense incidents and thrilling adventures.

FORMER MIDDLEWEIGHT ENGLISH "CHAMP" DIES

HOVE, England, April 3.—Charlie Mitchell, one time middleweight champion of England, died here today of locomotor ataxia.

Charley Mitchell was born at Birmingham, England, Nov. 24, 1861. Altho he fought many ring battles against big men like Sullivan, Corbett, Cardiff, McCaffery, Kilrain and Burke, Mitchell was a middle weight never turning the scales at more than 154 pounds when in perfect condition. His remarkably fast foot work and skillful boxing offset this disadvantage and he proved equally effective as a punisher with or without padded gloves.

Mitchell's first battle was with bare knuckles when at the age of eighteen he knocked out Bob Cunningham at Birmingham, the bout lasting about one hour. He scored several other victories the two following years in England and Ireland, and after winning the middleweight and welterweight championships of England, Mitchell came to America in 1883 intending to challenge John L. Sullivan.

When he met and defeated Mike Cleary, a New York heavyweight in three rounds he was quickly accepted as an opponent for Sullivan. They met at Madison Square Garden in a four round fight under Marquis of Queensberry rules May 14, 1883. The Britisher surprised the twelve thousand spectators by meeting Sullivan's terrific rushes in the opening rounds, and after some heavy exchanges scored a clean knockout with a perfectly timed right hand smash to Sullivan's jaw. This was Sullivan's first experience of a knockout by an opponent and it happened toward the close of the first round. Sullivan rushed and roughed the visitor during the second round and threw Mitchell over the ropes twice. Sullivan, with left swings to the jaw, knocked Mitchell down twice in the third round and with another left he had Mitchell hanging over the ropes when the police stopped the bout.

Mitchell always insisted he would have been able to continue had the police not interfered and he never ceased to challenge Sullivan until the latter consented to another encounter which took place five years later at Chantilly, France, on March 10, 1888.

This was Mitchell's greatest ring effort. They fought with bare knuckles for \$2,500 a side and the bout lasted three hours and eleven minutes. Mitchell drew first blood in the eighth round but Sullivan got credit for the only knockdown. The fight was declared a draw.

After James J. Corbett had won the world's championship from Sullivan in 1892, Mitchell challenged him for the title and at Jacksonville, Fla., on Jan. 25, 1894, Corbett knocked out the Englishman in the third round. This was Mitchell's last fight as he returned to England and engaged in business.

MARKED DECREASE IN BRITISH SHIP LOSSES
LONDON, April 3.—There was a sudden and marked decrease in the losses to British shipping thru mine or submarine in the past week. The admiralty reports that only six British merchantmen, 1600 tons or over and seven under that tonnage were sunk in the week ending March 30.

Five fishing vessels also were sent to the bottom. The admiralty statement continues:

"Fifteen British merchant vessels were unsuccessfully attacked by submarines. The large vessels reported sunk includes one sunk during the week ending March 16 and the smaller vessels reported sunk includes one during the week ending March 23.

"The arrivals during the week ending March 30 were 2,416 and the sailings 2,379."

The losses to British merchantmen thru submarines and mines in the last week are less than one half the losses in the previous week when twenty eight merchantmen were sunk, sixteen of the vessels over 1600 tons.

The admiralty report for the preceding week showed the loss of seventeen vessels, while for several weeks prior to that the weekly loss was eighteen.

Away With Your Sprays and Inhalers If You Want to be Rid of Catarrh

Deep-Seated Disease That Cannot
Be Reached By Local
Treatment.

When you hawk and spit until you almost strangle in an effort to get your breath, because your air-passages are all choked up with catarrh, and your condition grows worse from day to day, you are about ready to realize that catarrh is by no means a simple ailment. If you have had the disease for any length of time, you have probably used enough treatment to convince you that you will not be able to find any lasting relief from the remedies that are so generally relied upon. Others who have been afflicted with catarrh have used atomizers and sprays, ointments, salves, jellies and other local applications by the wholesale without making the slightest progress toward a cure. You are doomed to the same disappointment, if you rely upon the same misdirected methods of treating this disease, for catarrh is too stubborn and deep-seated to be reached by medicated applications which are applied only to the surface. Why not save yourself the expense and the delay of getting on the right road, by discarding entirely all these plans of treatment which others have found to be absolutely without merit? Not only is catarrh a source of suffering to yourself, and annoying and repulsive to those about you, but it is a disease that is not to be considered lightly, for if it is not checked the lungs sometimes become affected, and everyone knows how serious that is. Catarrh is caused by millions of tiny disease germs that infest the blood. When they attack the delicate membranes and air passages of the nose and throat, you can never get rid of them by sprays and atomizers. They must be thoroughly routed from the blood. That is why S. S. S. is used so successfully in treating catarrh. This remedy is so thorough in cleansing the blood that it routs out every germ of Catarrh or other disease. S. S. S. goes right down to the source of the disease, and if you will begin its use today, you will find yourself at last on the right treatment. Go to your drug store and get a bottle today, and if you want any special advice regarding your case, you can obtain same without charge, by writing to medical Director, Swift Specific Co., 81 Swift Laboratory, Atlanta, Ga.—Adv.

The young couple were attended by three sisters of the bride, Mrs. Reuben Smith, Miss Leona Gilliland and Miss Nellie Gilliland. Because of the serious illness of the bride's mother the wedding ceremony was a quiet one.

Mrs. Salby is the daughter of Mr. and Mrs. James Gilliland and has made her home in this city practically all her life, being educated in the schools here. Mr. Salby is rightly accounted as one of the rising young business men of Jacksonville, being proprietor of a cigar factory on East State street and a partner with his brothers in the ownership of the Rex pool room and cigar store on West State street. Mr. Salby is the eldest son of Mr. and Mrs. E. M. Salby of Caldwell street, was born and raised in this city and has for several years taken an active part in the business life of Jacksonville. Both Mr. and Mrs. Salby have a host of friends here who will extend hearty congratulations and best wishes. The young couple will take up their residence at 714 West North street.

A FEARFUL ACCIDENT
Tuesday afternoon Harry McLain living near Arcadia was driving four horses to a pulverizer when the storm arose. The boy is fourteen years old but hardly as strong as a man. He had the lines wrapped around his body under his arms when the horses became frightened at the storm and started to run throwing the driver from his seat. He fell backward and as the horses ran they caused his body frequently to strike the blades of the machine lacerating it dreadfully. His left arm was broken, his right thigh badly cut and lacerated and bruises all over his body. His chin and lips were cut, his nose badly damaged and he was a sight generally. Dr. A. E. Obermeyer was called and gave him all possible attention but the young man's recovery is doubtful as he was so badly used up.

"DADDY LONG LEGS" TONIGHT
The children in "Daddy Long Legs" are probably more carefully educated than many youngsters who live at home and have the advantage of nearby schools. Henry Miller pays for their tuition in the Rehearsal School, which is under the patronage of the Gerry Society in New York, and they are given a regular daily schooling just as they might at home. A correspondence course of lessons is mailed them by the school while they are on the road and school is kept "back stage" by an accredited teacher carried by the company. While in New York they attend school daily and at the close of the summer are put thru a regular examination which is the same as that required by the New York graded schools. "Daddy Long Legs" will be seen at the Grand tonight.

INVITATION EXTENDED TO POULTRY MEETING
A cordial invitation is extended to pupils and patrons of our public schools to attend the Poultry Meeting in the Circuit Court room at 7:30 p. m. this evening. This meeting will be of interest to young and old. Plans of keeping poultry in back yards and many other interesting facts concerning poultry will be given out in bulletin form to all who attend this meeting.

Mrs. E. D. Glandon of Pittsfield was a shopper in the city Wednesday.

DEATHS

Hodgins.

J. G. Reynolds received a message Wednesday evening to meet the Waikiki train Thursday afternoon when the remains of Walter V. Hodgins would arrive from Indianapolis, Ind. Nothing has been obtained as to whom the deceased is related in this vicinity. The funeral will be held from Central Christian church Friday afternoon at 2:30 o'clock.

Brennan.

Thelma Helen Brennan, aged eighteen months, died of pneumonia at the home of her grandparents, Mr. and Mrs. S. E. Sargent of South East street at 7 a. m. Wednesday, April 3. She was the only daughter of Mr. and Mrs. George L. Brennan of 608 Koscusko street. She leaves to mourn her loss, mother and father and one brother, Allan. Funeral service will be conducted from the Church of Our Savior, Saturday at 10 a. m. Burial will be made in Calvary cemetery.

Flood.

Bernard F. Flood a resident of Jacksonville for many years died at the family home, 407 East North street Wednesday morning at 2:45 o'clock. He had been in failing health for the past year but his last illness was of only two weeks' duration.

Deceased was born in County Longford, Ireland, in 1847, but came to this country early in life and most of the time had resided in this city and vicinity. He was united in marriage in Jacksonville in 1885 to Miss Elizabeth Coppin. The widow and three children, Eugene Flood, Leo Flood and Agness Flood all residing at home, survive.

Mr. Flood followed the occupation of farming and was employed for a number of years at the county farm when M. H. Carroll was the superintendent. He was a faithful member of the Church of Our Savior.

Funeral services will be held from the Church of Our Savior Friday morning at 9 o'clock with burial in Calvary cemetery.

Friends are requested to please omit flowers.

Jones.

Mrs. Orville Susan Jones passed away at her home, 1505 South Main street, at 10:25 Wednesday forenoon after an illness of seven years, practically all of which time she had been a helpless invalid, but thru it all she bore her suffering with a cheerful spirit and Christian fortitude, full of hope and an undying faith in her Savior. For many years she had been a devoted member of the Central Christian church and was an active worker in the church until she was stricken with a fatal illness. She was born Sept. 29, 1847 at Glasgow, Scott County, Illinois.

July 15, 1869, she was united in marriage with Frederick L. Jones of Milwaukee, Wis., who was a veteran of the Civil War, and who passed away 27 years ago. She is survived by two daughters and one son they being, Miss Alpha H. Jones of this city, Mrs. Mabel Frederika Van Syckle, of Chicago, and Edgar S. Jones of Maryville, California. Two sisters also survive, Mrs. T. M. Duncan of Paola, Kansas, and Mrs. L. J. McCarty, of Peabody, Kansas. She was a sister of Mrs. J. M. Swales, who died five years ago. Time of funeral will be announced later.

Gordon.

Harry Gordon, aged twenty four years passed away at Our Savior's hospital at an early hour Wednesday morning after an illness of long duration from pernicious anemia. The remains were removed to the undertaking establishment of J. H. O'Donnell and later taken to the old Cain home six miles southeast of Jacksonville. For about fifteen years Mr. Gordon had made his home with A. F. and T. R. Cain, having been taken from an orphan's home in Kansas City by Mr. Bridget Cain, who was a young man of pleasant disposition always ready to do his part in any enterprise in which he might be engaged, and has many friends who will regret to learn of his untimely death.

Funeral arrangements are held in abeyance pending the arrival of the deceased's mother, Mrs. Motz, who is expected to arrive from Cherokee, Okla., today.

Senreco
THE TOOTH PASTE THAT REALLY CLEANS

Mr. Robert Williams, Galesburg, Mo. December 27th, 1917.

Dear Sir: You are right when you say in your letter of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25c.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO, CINCINNATI.

SENATE PASSES NEW LIBERTY LOAN MEASURE

WASHINGTON, April 3.—In record breaking time the senate late today passed the new liberty loan bill authorizing \$4,500,000,000 more war bonds additional loans of \$1,500,000,000 to the allies and increase of treasury indebtedness certificates from \$4,600,000,000 to \$8,000,000,000. The measure already has been passed by the house and slight differences now will be adjusted in conference.

As approved by the senate without roll call and after less than an hour's debate, all important provisions of the house measure were retained. All congressional leaders agree that the bill must be law before the new liberty campaign begins Saturday and it is hoped to send the measure to the president tomorrow.

During today's debate Chairman Simmons of the finance committee said that Secretary McAdoo felt it would be unnecessary to increase the interest rate on bonds.

Replying to a question by Senator Lewis of Illinois he said there is nothing in the bill to prevent the allies from spending money loaned them outside of the United States if that is shown to be necessary. To avoid delay the senate struck out the clause which

STATE "DRYS" WIN IN MAJORITY OF PLACES

CHICAGO, April 3.—Illinois "Drys" won thirty-four out of fifty township local option elections Tuesday according to complete but unofficial returns received tonight. The results in four other townships had not been received. Figures received from townships not reported Tuesday night show many close contests. In Kikapoo township, Peoria county the "wet" forces saved the saloons by a margin of only two votes. Madison county elections also were close. In New Douglas township the "drys" ousted the two remaining saloons by a majority of four votes. Wood River township went "dry" by a majority of thirty-six votes. In Montgomery county the "dry" won by 82 votes.

TRUCK DRIVERS WANTED AT FRONT

Chicago, April 3.—Truck drivers and chauffeurs for service with the Red Cross in France were called for today by H. A. They will be paid \$36 a month and expenses.

CONCLUDES OPENING ARGUMENT FOR BILL

Senator Overman Pleads for Support of and Trust in President Wilson.

Washington, April 3.—A plea for support of and trust in President Wilson was made in the senate today by Senator Overman of North Carolina in concluding the opening argument for his bill which would give the president general authority to re-organize government agencies in prosecuting the war.

Confusion existing in certain departments, the senator said, makes re-organization essential. Senator Overman deplored what he termed "ham-stringing" the executive and to senators who proposed amendments specifically limiting acts of coordination to certain government bureaus declared such limitations would be an "insult" to the president and to the public.

Senator Cummins of Iowa, interrupted to suggest that the North Carolina senator was under a misapprehension that if all war powers were not extended by the president the war would fail. Senator Knox of Pennsylvania contended that the president has executive department to do everything to promote the successful prosecution of the war. The Overman bill was laid aside after brief consideration to pass the Liberty Bond bill, but will be taken up again tomorrow when its opponents probably will open their attack.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine" hair cleanse. Just try this—moisten a cloth with a little Dandierine and carefully draw through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil in just a few minutes you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Dandierine from any druggist or toilet counter for a few cents.

annexations and accuse me of inconsistency. I reply that I have publicly protested against holding out a license to our enemies which would assure them against the dangers of further adventures. At the moment when we are successfully endeavoring to renew friendly and neighborly relations with Roumania, it is unlikely that we would open old wounds, but everyone knows the history of Roumania's entrance into the war and will admit that it was my duty to protect the monarchy against future surprises of a similar kind. I consider the safest guarantee for the future, international agreements to prevent war in such agreements if they are framed in binding form, I should see much stronger guarantees against surprise attacks by neighbors than in frontier rectifications.

But I, thus far, except in the case of President Wilson, have been unable to discover amongst any of our enemies serious inclination to accept this idea. However, despite the small degree of approval this idea receives, I consider that it will nevertheless be realized.

within American jurisdiction would be prohibited from chartering any foreign vessel without the president's approval or to import or export goods exceeding one thousand tons in weight on terms requiring the seller and buyer, respectively to pay transportation costs.

The president's powers under the bill would be limited to six months after the war, or, if he should deem shipping shortage warranted, for an additional year.

Heavy penalties—five years imprisonment and \$50,000 fine—are proposed for violation of the president's regulations.

The second Fletcher bill relating to ownership of vessels would penalize during the war, sale, transfer, lease or charter of vessels owned in whole or part by American citizens without approval of the shipping board. It also provides that all ship construction contracts must receive the board's approval.

"That the agent who was employed to do this work was the most competent and the best equipped organization existing in the world.

"That the location or the site, was the only one that could have been selected, made with the joint approval of the agent and the shipping board, that the purchase price was paid by the agent and whether high or low the 'government' could not possibly suffer therefrom.

"That no purchases are being made by the agent from any affiliated corporations so that the charge of profiteering cannot be made in that direction."

The statement also set forth that the only fees paid for the building of the yard was to sub-contractors on what the corporation estimated the work would cost "so that it cannot be said that the sub-contractors are interested in a large expenditure of money in carrying out their work."

In conclusion Mr. Baldwin contended that "there has been no wrongdoing and that there has been and is nothing to criticize."

KIDNEY TROUBLE NOT EASILY RECOGNIZED

Applicants for Insurance Often Rejected

An examining physician for one of the prominent life insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild, healthful influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable cures of kidney trouble. We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, you will first test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

REBEKAH PROGRAM HAD UNUSUAL MERIT

Murrayville People Gave Entertainment for Red Cross Benefit—All Sorts of Celebrities Had Part in the Success.

Under the auspices of Rebekah Lodge No. 75 Murrayville (an April Fool social and entertainment) was given Wednesday night at Carlson's hall for the benefit of the Red Cross. The attendance was especially large and the program was one of the most entertaining ever listened to by a Murrayville audience. The total proceeds from the admission fees and from the sales of various articles sold totaled \$72.70. The committee on arrangement included Mrs. Arthur Seymour, J. E. Thompson and Miss Mildred Wright. On the varied and unusual musical and literary program those taking part impersonated well known characters. The first number was a violin solo—(Adeline Patti), Mrs. Ruth Fuller.

Reading—(Sarah Bernhardt), Mrs. Arthur Seymour.

Piano solo—(Adella Bachman), Gladys Osborne.

Pantomime—(Billie Burke), Harriet Cox.

Patriotic speech—(Teddy Roosevelt) Charles T. Daniel.

A Clever Playlet.

At the conclusion of this part of the program a playlet was given in which all the guests were well taken.

"How the Story Grew" was presented by the following cast:

Mrs. Brown—Susie Tancill.

Mrs. Green—Harriet Cox.

Mrs. Hean—Gladys Osborne.

Mrs. Rice—Lela M. Ramsey.

Mrs. Doolittle—Mrs. Mary Cade.

Mrs. Snow—Dorothy Tendick.

Mrs. Taylor—June Wright.

Mrs. White—Lida Jones.

Following the play a sale was held with C. Justice Wright acting as the auctioneer and the goods offered brought excellent prices. As already indicated the results were total receipts of \$72.70, which will go toward Murrayville's Red Cross donations, which have all along been of a liberal kind.

MUST RAISE LOCAL CAMPAIGN EXPENSES

Sum Needed is Being Raised in Connection With War Recreation Fund—Auto Speedway Sign Board Shows Contest On Between City and County.

As indicated in another article appearing in this paper, the campaign for the soldiers' war recreation fund is well under way with every assurance that the allotment for Morgan county will be raised by Friday. As already noted in addition to this particular fund the local committee of the state council of defense arranged to raise the sum of \$2,000 for defraying expenses of various war time campaigns that have already been carried on and still others that are certain to come during succeeding months.

Necessary Expenses

The government makes no provision for the necessary local expenses of thrift stamp campaigns or various other lines of activity that must be carried on. While none of those in charge of any of the movements receive remuneration there are various necessary expenditures and it was the wise decision of the committee to raise this fund all at one time. Morgan county is the last one in the state to raise its allotment for the war recreation fund, as for one reason and another it has been necessary to postpone the campaign here from time to time. Assurances have been sent to Chicago and to Washington that the county allotment will be speedily met and the fact the money has been collected will no doubt be telegraphed to Washington next Friday. The total reported yesterday to Chairman W. E. Spoonst was \$1,055 for Jacksonville and \$400.50 from Morgan county precincts. There are twenty-six districts in Jacksonville and only in part of them were workers able to start out yesterday. However, nearly all of them have planned work for today and the solicitors are expecting to report generous contributions by the close of this day.

Auto Race Is On

As a part of the publicity work in connection with the campaign Rev. Spoonst has erected at the west entrance of Central Park an immense sign which shows city and county in an automobile race. The automobiles are pictured with drivers at their wheels pushing forward to see which will finish first in this "race for our boys to run over the kaiser." Five hundred dollars is the "wire mark" and the big sign suggests that there is some real rivalry between Jacksonville and the county precincts in seeing which will first reach the goal.

Judging by the record in other war time campaigns Friday night will show that both city and county cars have gone over the wire in good time and that the county allotment has been fully and generously met.

NORMAL STREET CAR SERVICE IS RESUMED

KANSAS CITY, Mo., April 3.—With resumption of normal street car service early tonight, Kansas City's general strike, as far as the public was concerned ended. Only members of the building trades unions and a number of cooks and waiters were not at work.

Settlement of the general strike was announced last night but this was not the end of the matter. Forenoon differences arose between the street railway company and its union employees as to the wearing of union buttons. The company insisted that the men, while on duty wear the buttons on their vest or in some other inconspicuous place. The men insisted they be permitted to wear them on their caps as in the past. By agreement it was decided they might wear them on their caps. Only members of the buildings trade unions and a number of cooks and waiters were not back at work today.

Fuel Administrator Sounds Warning

"The people of Illinois are not giving proper heed to the warnings of the State Council of Defense and the Fuel Administration," said John E. Williams, Fuel Administrator, this week. "They are not planning against another dire coal situation. They are not buying coal; they are not preparing to store it as we have urged them to do. You know what that means."

"Yes; it means, people of Illinois, that if you don't HEED these warnings there will be another shortage of fuel next winter, another congestion of railway traffic, another suspension of industry, another battle won by the military autocrats of Prussia."

FARMERS REQUIRED TO MARKET WHEAT

ORDER TO FOOD ADMINISTRATOR GIVES DEFINITE INSTRUCTIONS

Reports from All Districts To Be Made Daily—If Farmers Decline To Market Wheat Government's Order Is To Requisition Their Supply.

The action of the government with reference to insisting upon selling of all available wheat forecasted in the suggestion made by the food administrator, is now made certain by instructions just sent to all county and township administrators. M. F. Dunlap, Morgan county food administrator, has received instructions directing him to ascertain the exact amount of wheat held by farmers and hereafter to make daily reports on this subject. Moreover, it is indicated in the notice that where farmers have wheat and fail to market it according to directions that the wheat will be requisitioned by the government.

Some time since Mr. Dunlap thoroughly organized the county by the selection of township administrators and these officials in turn named men who are responsible

for each section of land in the county. Notices are going forward to all the township administrators to collect the data and within a very short time it will be in Mr. Dunlap's hands and forwarded to the state food administrator. The letter addressed to county and township administrators is given herewith:

Instructions To Administrators.

"There are some known pro-German farmers hoarding their wheat out of a desire to obstruct the government. That they should not prejudice loyal and decent members of communities I think it desirable, wherever possible, to make an example of these cases by direct action. Wherever you can yourself or through your county and township administrators learn of such instances, I would be glad if you would direct a letter in each instance to the farmer, informing him of the government's policy and bringing him to nearest elevator within a certain short period. If they fail to respond you will requisition the wheat. Where requisitioning is done, do so on price basis of local elevator less enough to pay necessary charges for transportation from farm to elevator. If cases of this character arise where transportation is necessary from the farm to the elevator agent, wherever actual requisitioning is required, you will be required to make arrangements for purchase. Also advise us of any instances where you issue direct orders, the result thereof and any instances where you actually requisition. It is our impression that you will not have to requisition very often but will get sufficient response from direct orders to bring grain in. A few instances of this kind may probably establish voluntary marketing without our defining any general policy with regard to requisitioning."

We want this survey made between the 1st and the 15th of April and daily reports made during this period, stating the name of farmer, his correct postoffice address, and the quantity of wheat alleged to be held by him. These reports need not be made in cases where you are convinced that the quantity in hand is only enough for seed and personal use as human food, but in all other cases we must have accurately as possible the quantities on hand.

OLD JACKSONVILLE

Some Newer Programs

By Ensley Moore

(Member Illinois State Historical Society)

The following bunch of programs ought to interest many persons owing to the numerous performers, to the varied occasions and to the different institutions or people offering them.

The first of I. F. C. was given under the Presidency of Dr. Wm. H. Demore, father of Mrs. R. A. Gator, Mrs. Wm. F. Brown and Mrs. T. P. Carter.

The second, of Washington High School, was presented about 1876, probably when Prof. D. H. Harris was City Superintendent of Schools.

The third was given under the Superintendency of Prof. Wm. D. Sanders, the Conservatory having been founded by him in connection with the Young Ladies Athenaeum.

The fourth was offered by Mrs. Smith, nee Kate Murdoch, sister of Mrs. T. D. Eames.

Miss Detrick, appearing on two of these programs, went down on the Lusitania.

WAR RECREATION FUND IN GOOD START

CHAPIN AND WOODSON PRESENTS HAVE RAISED THEIR QUOTAS.

Canvassing Work Begun In Jacksonville and Total for First Day Is Over \$1,000—Everybody Seems Ready to Give Something Toward This Good Fund.

The War Camp Community Recreation Fund campaign is on in dead earnest. Two of the precincts on the outside of Jacksonville have already sent in their full quota and some besides, and still more to follow. This is a very commendable start. Chapin precinct has the honor of being the first one reporting over the top with \$100. This is due to the leadership of A. L. French and his ability to thoroughly organize his precinct so that the entire campaign could be made in three hours. This shows that the people are ready and willing to help.

Woodson was a close second. Dr. Miller went on his way from Woodson to make his report while Chapin was reporting, as having gone over the top with a considerable amount to the good, and promises that more will follow. This also was due to the faithful, energetic work of Dr. Miller and Mr. Mortimer. It is said that Dr. Miller made a line at the election that was going on in his precinct, and charged every fellow that crossed the line, a dollar, and very few dared to cross over without paying the price. Let others go and do likewise.

Ora Ham from Concord reports that they raised \$8 in a little while and gave promise that their whole quota would be raised and some besides.

These three precincts have reported at the time of going to press. Now as to Jacksonville, none of the teams have reported in full, but several have made splendid reports to date, one district turning in \$55. The whole amount from Jacksonville districts reported, is \$100.50; and only seven out of the twenty-six making any report at all, and they only making a partial report, which gives us full assurance that we will more than go over the top. This shows the good judgment of the people of Jacksonville.

Rev. E. W. Spooner, campaign chairman said yesterday: "This is not a matter of how little we may give to get by, but how much we can afford to give to this great and worthy cause. Using a quotation from Woodrow Wilson, 'It is your pride, therefore to show all men every where not only what good soldiers you are, but also what good men you are, keeping yourselves fit and straight in everything, pure and clean through and through, without paying the Stars and Stripes. It is a plea to those boys to keep themselves spiritually fit, and reflect all of the love and tenderness of America's fatherhood and motherhood. The War Camp Community Fund is a practical means of assisting in this most essential propaganda, and when you contribute to this fund, you are contributing to the cause of the people's message into deeds. So let no one in Jacksonville refuse to contribute to this fund. One of the teams that was canvassing yesterday, said that in all their canvassing, not one refused to contribute."

SENATE PASSES NEW LIBERTY LOAN MEASURE

WASHINGTON, April 3.—In record breaking time the senate today passed the new liberty loan bill authorizing \$4,500,000,000 more war bonds. Additional loans of \$1,500,000,000 to the allies and increase of treasury indebtedness certificates from \$4,000,000,000 to \$8,000,000,000. The measure already has been passed by the house and slight differences now will be adjusted in conference.

As approved by the senate without roll call and after less than an hour's debate, all important provisions of the house measure were retained. All congressional leaders agree that the bill must be law before the new liberty campaign begins Saturday and it is hoped to send the measure to the president tomorrow.

During today's debate Chairman Simmons of the finance committee said that Secretary McAdoo felt it would be unnecessary to increase the interest rate on bonds.

Replying to a question by Senator Lewis of Illinois he said there is nothing in the bill to prevent the allies from spending money loaned them outside of the United States if that is shown to be necessary. To avoid delay the senate struck out the clause which

caused the house to recall and readopt the bill, prohibiting banks from using bonds to evade state taxation.

STATE "DRYS" WIN IN MAJORITY OF PLACES

CHICAGO, April 3.—Illinois "Drys" won thirty-four out of fifty township local option elections Tuesday according to complete but unofficial returns received tonight. The results in four other townships had not been received. Figures received from townships not reported Tuesday night show many close contests. In Kikapoo township, Peoria county the "wet" forces saved the saloons by a margin of only two votes. Madison county elections also were close. In New Douglas township the "drys" ousted the two remaining saloons by a majority of four votes. Wood River township went "dry" by a majority of thirty-six votes. In Montgomery county the "dry" won by 82 votes.

TRUCK DRIVERS WANTED AT FRONT

Chicago, April 3.—Truck drivers and chauffeurs for service with the Red Cross in France were called for today by H. A. Gardner, director of Personnel at the headquarters here of the Central Division of the big organization. The men must furnish references as to character and be above draft age. They will be paid \$25 a month and expenses.

CONCLUDES OPENING ARGUMENT FOR BILL

Senator Overman Pleads for Support of and Trust in President Wilson.

Washington, April 3.—A plea for support of and trust in President Wilson was made in the senate today by Senator Overman of North Carolina in concluding the opening argument for his bill which would give the president general authority to re-organize government agencies in prosecuting the war.

Confusion existing in certain departments, the senator said makes re-organization essential. Senator Overman deplored what he termed "ham-stringing" the executive and to senators who proposed amendments specifically limiting acts of coordination to certain government bureaus declared such limitations would be an "insult" to the president and to the public.

Senator Cummings of Iowa, interrupted to suggest that the North Carolina senator was under a misapprehension that if all war powers were not extended by the president the war would fail. Senator Knox of Pennsylvania contended that the president has authority now to require every executive department to do everything to promote the success of the prosecution of the war. The Overman bill was laid aside after brief consideration to pass the Liberty Bond bill, but will be taken up again tomorrow when its opponents probably will open their attack.

TEACHING GERMAN DISCONTINUED

Des Moines, Iowa, April 3.—Teaching of German in all Des Moines high schools will be discontinued at the close of the present school year, according to a decision of the board of education made public today.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Dandergine hair cleanse. Just try this—moisten a cloth with a little Dandergine and carefully draw through your hair, taking one small strand at a time, until you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandergine dissolves every particle of dandruff, cleanses, purifies and eliminates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Dandergine's Dandruff Remover, or toilet counter for a few cents.

annexations and accuse me of inconsistency I reply that I have publicly protested against holding out a license to our enemies which would assure them against the dangers of further adventures. At a moment when we are successfully endeavoring to renew friendly and neighborly relations with Roumania, it is unlikely that we would open old wounds, but everyone knows the history of Roumania's entrance into the war and will admit that it was my duty to protect the monarchy against future surprises of a similar kind. I consider the safest guarantee for the future, international agreements to prevent war. In such agreements if they are framed in binding form, I should see much stronger guarantees against surprise attacks by neighbors than in frontier rectifications.

But I, thus far, except in the case of President Wilson, have been unable to discover amongst any of our enemies serious inclination to accept this idea. However, despite the small degree of approval this idea receives, I consider that it will nevertheless be realized.

within American jurisdiction would be prohibited from chartering any foreign vessel without the president's approval or to import or export goods exceeding one thousand tons in weight on terms requiring the seller and buyer, respectively to pay transportation costs.

The president's powers under the bill would be limited to six months after the war, or, if he should deem shipping shortage warranted for an additional year. Heavy penalties—five years imprisonment and \$50,000 fine—are proposed for violation of the president's regulations.

The second Fletcher bill relating to ownership of vessels would penalize during the war, sale, transfer, lease or charter of vessels owned in whole or part by American citizens without approval of the shipping board. It also provides that all ship construction contracts must receive the board's approval.

the expense of the government. "That there has been no delay in the program and that the work has been faithfully, honestly, speedily and efficiently carried out and that the United States government will soon have a completed and efficient yard and the best organization of men in the world for the quick and effective production of ships in hitherto undreamed of quantity.

"That the agent who was employed to do this work was the most competent and the best equipped organization existing in the world.

"That the location or the site, was the only one that could have been selected, made with the joint approval of the agent and the shipping board, that the purchase price was paid by the agent, and whether high or low the 'government' could not possibly suffer therefrom.

"That no purchases are being made by the agent from any affiliated corporations so that the charge of profiteering cannot be made in that direction."

The statement also set forth that the only fees paid for the building of the yard was sub-contractors on what the corporation estimated the work would cost "so that it cannot be said that the sub-contractors are interested in a large expenditure of money in carrying out their work."

In conclusion Mr. Baldwin contended that "there has been no wrongdoing and that there has been and is nothing to criticize."

KIDNEY TROUBLE NOT EASILY RECOGNIZED

Applicants for Insurance Offer Rejected

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is at sale at all stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Jacksonville Daily Journal.

REBEKAH PROGRAM HAD UNUSUAL MERIT

Murrayville People Gave Entertainment for Red Cross Benefit—All Sorts of Celebrities Had Part in the Success.

Under the auspices of Rebekah Lodge No. 76 Murrayville (an April Fool social and entertainment) was given Wednesday night at the Carlton hall for the benefit of the Red Cross. The attendance was especially large and the program was one of the most entertaining ever listened to by a Murrayville audience. The total proceeds from the admission fees and from the sales of various articles sold totaled \$72.70. The committee on arrangement included Mrs. Arthur Seymour, J. B. Thompson and Miss Mildred Wright. On the varied and unusual musical and literary program those taking part impersonated well known characters. The first number was a violin solo (Adele Patti), Mrs. Ruth Fuller.

Reading—(Sarah Bernhardt), Mrs. Arthur Seymour.

Piano solo—(Adella Bachman), Mrs. O. E. Lane.

Pantomime—(Billie Burke), Harriet Cox.

Scene from Scotland, "Coming Thru the Rye"—Mrs. Charles Leitz and Charles Short.

Strong man—William Smock. Halwaian Dancer—(Loani), Isabel Short.

Jokes—(Mark Twain), F. B. Robinson and Floyd Short.

Trick rider—Mrs. Ruth Duncan.

Patriotic speech—(Teddy Roosevelt) Charles T. Daniel.

A Clever Playlet. At the conclusion of this part of the program a playlet was given in which all the parts were well taken. "How the Story Drove," was presented by the following cast: Mrs. Brown—Susie Tannehill, Mrs. Green—Harriet Cox, Mrs. Bean—Gladys Osborne, Mrs. Rice—Mrs. Lela M. Ramsey, Mrs. Doolittle—Mrs. Mary Cade, Mrs. Snow—Dorothy Tendick, Mrs. Taylor—Jane Wright, Mrs. White—Lida Jones.

Following the play a sale was held with C. Justus Wright acting as the auctioneer and the goods offered brought excellent prices. As already indicated the results was total receipts of \$72.70, which will go toward Murrayville's Red Cross donations, which have all along been of a liberal kind.

STANDARD BEARER SOCIETY ORGANIZED

The Standard Bearer Society of Hebron church was organized April 2, 1918 at the home of Mrs. Wm. Smith. The following officers were elected: President—Miss Inabel Swain. Vice president—Miss Estelle Binghamman.

Recording secretary—Miss Fay Hart. Treasurer—Mrs. Minnie Robson. Corresponding secretary—Mrs. Emma Robinson.

Program committee—Miss Maude Robinson and Miss Irene Binghamman. Meetings are to be held on the third Tuesday of each month. The first meeting to be held with Miss Inabel Swain.

The charter members are: Misses Marybeth Fox, Fay Hart, Maude Robinson, Mabel Robinson, Ella Robinson, Irene Binghamman, Anna Moody, Estelle Binghamman, Nellie Hughes, Inabel Swain, Nina McNeil, and Minnie Robson and Mrs. Emma Robinson.

INJURED BY LIGHTNING. Miss Anna Pike, tester at the Swift & Co. creamery was struck by lightning during the storm Tuesday evening. Miss Pike was stunned by the shock and is under the care of Dr. Canatney. Not until Wednesday morning did she regain consciousness and her condition was much improved last night.

CAMPBELL MUST HANG. Springfield, Ill., April 3.—A rehearing was denied by the Illinois supreme court today in the case of "Chicken Joe" Campbell, condemned to hang Friday, April 12, for the murder of Mrs. Odette B. Allen, wife of former Warden Allen of Joliet penitentiary.

A plea for commutation of sentence is now before the state division of pardons and paroles.

DENY REHEARING COURT THEATER CASE. Springfield, Ill., April 3.—The Illinois supreme court today denied a rehearing in the case of the people ex rel the Court theater against William Hale Thompson and others and thereby reaffirmed its opinion at a former term that the Chicago ordinance inveighing against "ticket scalpers" is invalid.

SHEET METAL WORKERS CONVEY IN SPRINGFIELD. Springfield, Ill., April 3.—Delegates to the annual convention of the Illinois Master Sheet Metal Workers were conveyed here today for sessions extending over two days.

Addresses were to be delivered by Fred de Covich of Chicago, president of the organization; George Harms, president of the national organization of Sheet Metal contractors; R. Jobst of Peoria, and Harry C. Kingsley of Chicago. Subjects were largely technical.

LUNCHEON THIS NOON. All C. W. B. M. ladies are requested to be present at the luncheon to be given at Central Christian church this noon. There will be interesting and helpful talks on different phases of the work.

ODRAIN FOX IS SAFE IN FRANCE. Mr. and Mrs. P. W. Fox received a cablegram yesterday announcing the arrival of their son, Odrain Fox, "somewhere in France."

Altho the cablegram could not show the point of origin, Mr. and Mrs. Fox were vastly pleased to get this certain assurance that their son has safely landed abroad.

Mr. and Mrs. Albert Coultas of Winchester were among the Wednesday visitors in the city.

MUST RAISE LOCAL CAMPAIGN EXPENSES

Sum Needed is Being Raised in Connection With War Recreation Fund—Auto Speedway Sign Board Shows Contest On Between City and County.

As indicated in another article appearing in this paper, the campaign for the soldiers' war recreation fund is well under way with every assurance that the allotment for Morgan county will be raised by Friday. As already noted in addition to this particular fund the local committee of the state council of defense arranged to raise the sum of \$2,000 for defraying expenses of various war time campaigns that have already been carried on and still others that are certain to come during succeeding months.

Necessary Expenses. The government makes no provision for the necessary local expenses of thrift stamp campaigns or various other lines of activity that must be carried on. While none of those in charge of any of the movements receive remuneration there are various necessary expenditures and it was the wise decision of the committee to raise this fund all at one time.

Morgan county is the last one in the state to raise its allotment for the war recreation fund, as for one reason and another it has been necessary to postpone the campaign here from time to time. Assurances have been sent to Chicago and to Washington that the county allotment will be speedily met and the fact the money has been collected will no doubt be telegraphed to Washington next Friday. The total reported yesterday to Chairman W. E. Spoons was \$1,055 for Jacksonville and \$400.50 from Morgan county precincts. There are twenty-six districts in Jacksonville and only in part of them were workers able to start out yesterday. However, nearly all of them have planned work for today and the solicitors are expecting to report generous contributions by the close of this day.

Auto Race Is On

As a part of the publicity work in connection with the campaign Rev. Spoons has erected at the west entrance of Central Park an immense sign which shows city and county in an automobile race. The automobiles are pictured with drivers at the wheels pushing forward to see which will finish first in this "race for our boys to run over the kaiser." Five hundred dollars is the "wire mark" and the big sign suggests that there is some real rivalry between Jacksonville and the county precincts in seeing which will first reach the goal.

Judging by the record in other war time campaigns Friday night will show that both city and county cars have gone over the wire in good time and that the county allotment has been fully and generously met.

NORMAL STREET CAR SERVICE IS RESUMED

KANSAS CITY, Mo., April 3.—With resumption of normal street car service early tonight, Kansas City's general strike, as far as the public was concerned ended. Only members of the building trades unions and a number of cooks and waiters were not at work.

Settlement of the general strike was announced last night but this forenoon differences arose between the street railway company and its union employees as to the wearing of union buttons. The company insisted that the men, while on duty wear the buttons on their vest or in some other inconspicuous place. The men insisted they be permitted to wear them on their caps as in the past. By agreement it was decided they might wear them on their coat lapels. Only members of the buildings trade unions and a number of cooks and waiters were not back at work today.

Fuel Administrator Sounds Warning

"The people of Illinois are not giving proper heed to the warnings of the State Council of Defense and the Fuel Administration," said John E. Williams, Fuel Administrator, this week. "They are not planning against another dire coal situation. They are not buying coal; they are not preparing to store it as we have urged them to do. You know what that means."

"Yes; it means, people of Illinois, that if you don't HEED these warnings there will be another shortage of fuel next winter, another congestion of railway traffic, another suspension of industry, another battle won by the military autocrats of Prussia."

FARMERS REQUIRED TO MARKET WHEAT

ORDER TO FOOD ADMINISTRATOR GIVES DEFINITE INSTRUCTIONS

Reports from All Districts To Be Made Daily—If Farmers Decline To Market Wheat Government's Order Is To Requisition Their Supply.

The action of the government with reference to insisting upon selling of all available wheat forecasted in the suggestion made by the food administrator, is now made certain by instructions just sent to all county and township administrators. M. F. Dunlap, Morgan county food administrator, has received instructions directing him to ascertain the exact amount of wheat held by farmers and hereafter to make daily reports on this subject. Moreover, it is indicated in the notice that where farmers have wheat and fail to market it according to directions that the wheat will be requisitioned by the government.

Some time since Mr. Dunlap thoroughly organized the county by the selection of township administrators and these officials in turn named men who are responsible

for each section of land in the county. Notices are going forward to all the township administrators to collect the data and within a very short time it will be in Mr. Dunlap's hands and forwarded to the state food administrator. The letter addressed to county and township administrators is given herewith:

Instructions To Administrators

"There are some known pro-German farmers hoarding their wheat out of a desire to obstruct the government. That they should not prejudice loyal and decent members of the community I think it desirable, wherever possible, to make an example of these cases by direct action. Wherever you can yourself or through your county and district administrators learn of such instances, I would be glad if you would direct a letter in each instance of this kind instructing them to bring their grain to nearest elevator within a certain short period. If they fail to respond you will require charges for transportation from farm to elevator. If cases of this character arise where transportation is necessary from the farm to the elevator, communicate to grain zone vice president in your zone and ask him to arrange matter with local elevator agent. Wherever actual requisition is made, notify grain zone vice president in order that he may make necessary arrangements for purchase. Advise him of any instances where you actually requisition. It is our impression that you will not have to requisition very often but will get sufficient response from direct orders to bring grain in. A few instances of this kind would probably establish voluntary marketing without our defining any general policy with regard to requisitioning."

At a meeting of the Grain Zone Committee held on the 25th of March, it was decided at once to secure a complete survey of wheat still held by farmers in Illinois, such information to constitute basis for action in ordering wheat into elevators. We recognize that this is a task of considerable magnitude, but you will not be called upon again during the course of the war for a service so imperative as this, nor one that more vitally affects the outcome of the war.

We want this survey made between the 1st and the 15th of April and daily reports made during this period, stating the name of farmer, his correct postoffice address, and the quantity of wheat held by him. These reports need not be made in cases where you are convinced that the quantity in hand is only enough for seed and personal use as human food, but in all other cases we want accurate figures as possible the quantities on hand.

It would be undesirable for us to indicate how best you can secure this information, for conditions differ in each county, but the local elevator men or feed dealers must have pretty accurate notion and this might be one source of inquiry, but we want a thorough job and must be accurate in our reports if we are going to use your information to order the wheat to be brought in.

The service is one of very great importance to the country. Your appointment as Food Administrator was made in anticipation of just such a need as this. The President is relying upon your prompt and uninterfered help until this work is completed.

Will you start at once and accompanying each day's report make such cases where in your judgment wheat should be called for, especially indicate any cases where wheat is being held by farmers known to be pro-German.

Will you help us to make the report in full and complete survey to reach Washington.

Very sincerely yours,
UNITED STATES FOOD ADMINISTRATOR.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

*Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

To Stop a Persistent, Hacking Cough

The best remedy is one you can easily make at home. Cheap, but very effective

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking or bronchial cough, year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly. Get from 25¢ druggist 25¢ ounce of Pinex (90 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending that cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relieves the chest. A day's use will usually break up an ordinary throat or chest cold, or for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "25 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute refund goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and cleanses and soothes the skin. Ask any druggist for a 25¢ or \$1 bottle of zemo and apply it as directed. Soon you will find that irritating pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it makes the skin soft, smooth and healthy.

The following bunch of programs ought to interest many persons owing to the numerous performers, to the varied occasions and to the different institutions of people offering them.

The first of I. F. C. was given under the Presidency of Dr. Wm. H. Demotte, father of Mrs. R. A. Gates, Mrs. Wm. F. Brown and Mrs. T. P. Carter.

The second, of Washington High School, was presented about 1876, probably when Prof. D. H. Harris was City Superintendent of Schools.

The third was given under the Superintendency of Prof. Wm. D. Sanders, the Conservatory having been founded by him, in connection with the Young Ladies Athenaeum.

The fourth was offered by Mrs. Smith, nee Kate Murdoch, sister of Mrs. T. D. Eames.

Miss Dietrick, appearing on two of these programs, went down on the Lusitania.

SOUTH JACKSONVILLE WILL OIL STREETS

Village Board Has Purchased 7,500 Gallons of Oil—Work Will Begin As Soon As Weather Conditions are Favorable.

At the regular meeting of the village board of South Jacksonville held Wednesday evening it was announced that 7,500 gallons of oil had been purchased for oiling the streets. Work will begin as soon as weather conditions are favorable.

All members were present with President Berryman in the chair and E. E. Beasly, clerk.

The board transacted the regular routine business which included the reading and approval of the minutes of the last regular meeting. All properly approved bills were ordered paid.

A report was made by the canvassing board of the result of the recent primary. The regular village election will be held Tuesday, April 16.

Wanted—Boy 16 years or over to work afternoons. Apply superintendent Swift & Co.

CAMP TAYLOR MEN TO BE TRANSFERRED

Camp Zachary Taylor, Ky., April 3. Two thousand five hundred drafted men of the Eighty-fourth division, National Army, will be sent from here to fill another division. The same number of men from the last increment of the draft will be transferred from the 159th Depot Brigade to the division proper. More than 2,000 men, a great number of them from the last group of new men, have been sent away from the camp. The Eighty-fourth (Lincoln) division is composed of men from Kentucky, Indiana and Southern Illinois.

The transferring of the old trained men of the division will take practically all of the men from some of the regiments. Since Camp Zachary Taylor first opened its gates more than 20,000 have left it and started on their way "over there." Many of them are believed to be in France by this time.

More than a hundred young officers are expected to be transferred to the First Provisional Training Battalion, colored, to assist in training negro soldiers who began to arrive at the cantonment recently.

Chambers fireless cooking gas ranges, save money, save time, save food. You really can't afford to buy any other. Call and see them. Brady Bros.

A PATHOTIC YOUNG MAN.

Earl Laverick of Franklin is determined to see that the Kaiser will not be eighteen until November but he climbed the tower on his grandfather's house and hoisted the flag, and last February, unable to stand it any longer, ran away to Springfield, enlisted in the mechanical department of the aviation corps, was first sent to Jefferson Barracks, then to Camp Hancock, Georgia, and then to Camp Merritt, New Jersey and is now probably on the water on his way across to Europe.

Earl was a good scholar and excelled in physics. He had \$500 in his own right and that he used in buying Liberty bonds before he left. His grandfather came over from England and now lives in Champaign county. Earl's father died some years ago and he is the only Laverick grandson. His mother is a daughter of Mr. and Mrs. James Bond and lives with her father in Franklin. Mr. Bond has few heirs and has considerable means so the young man would doubtless inherit a large amount but he set all aside for the service of his country.

We will offer the 1918 Overland cars we now have in stock at a reduction of \$100 regular sale price. J. F. Claus Motor Co.

HE SIMPLY FORGOT.

Two very devout and conscientious church goers are Mr. and Mrs. Ezra Scott of South Main street but the cares of business and multifarious affairs caused Mr. Scott to forget to set his clock ahead Saturday night. Sunday morning they arose as usual, had breakfast and duly prepared for church and noticed as they drew near the church door that none were entering. They thought they were early enough but as they entered they heard the minister say, "and now in conclusion, etc." and it dawned on them that they had forgotten the change in time. Mr. Scott tried to keep the joke a secret but it was too good for Mrs. Scott and she let it out and now if you want to see Ezra blush ask him the time.

Wanted—Girls. Apply Superintendent Swift & Co.

MOTHERS ASSOCIATION

On Friday, April 5, at 2:30 p. m. which is the date for the regular meeting of the Morgan county Mothers Association. It is planned to have a special get together for the purpose of getting acquainted. The meeting will be held in Grace church.

After the regular business meeting, during the social hour refreshments will be served and a very pleasant time is anticipated. Miss Lorne Dewesse will give a special musical program. It is earnestly hoped that mothers of soldier boys will be enough interested to come out, although it is a busy season but the eyes of the whole world are attracted to the soldiers in such a way as to make it worth while for the mothers to be bound together by a common bond of sympathy that makes the whole world kin.

If you have a boy working for Uncle Sam why not come and see what you can do to help a good cause.

MAKES PLEA FOR WORKERS.

Local Red Cross in Urgent Call For More Aid.

Are not the women of Jacksonville patriotic? Thousands and thousands of bandages and other surgical dressings are needed for the boys "over there" and very few women are responding to the call.

Mrs. Gertrude Austin, chief of service, American Red Cross in Paris in a letter shows the urgent need of more dressings at the front. "Our packing rooms are now growing alarmingly empty," writes Mrs. Austin. "A few weeks ago, thousands of cases piled nearly to the ceiling were waiting to be sent to our hospitals. Now many of these cases have gone out, and the orders still come in, larger than ever."

The following verse, from the pen of Amelia Josephine Burr, has been hung in the Red Cross shops at Masonic Temple, in Springfield, with the thought of inspiring more workers:

"Interminable folds of gauze,
For those whom we shall never see—

Remember, when your fingers pause,
That every drop of blood to stain

Their whiteness, falls for you and me,
Part of the price that keeps us free

To serve our own, that keeps us clear,
From shame that other women know—

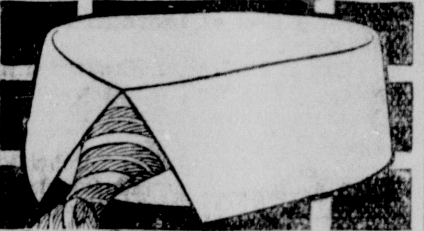

O, Saviour we have never seen,
Forgive us that we are so slow!

God—if that blood should cry in vain,
And we have let our moments go!"

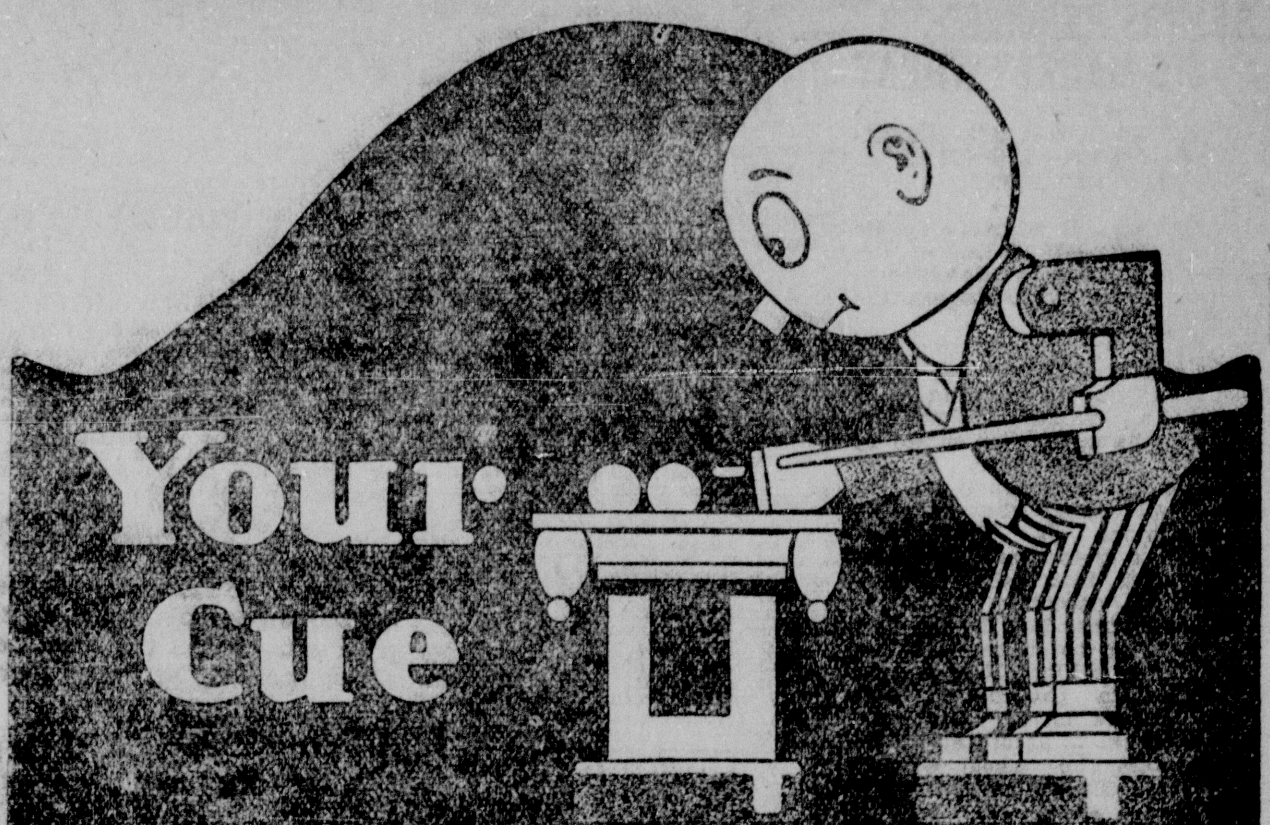

SOLDIER HERE FROM FT. SILL

Frank Rynders, an electrician of Alton, Ill., and his cousin, Corporal Charles Curvin of Fort Sill, Oklahoma, were in Jacksonville Tuesday on their way to visit their aunt, Mrs. John Tompkins and the latter's sisters, Misses Alice and Loretta Tompkins, who reside northeast of the city. Corporal Curvin expects to be made sergeant soon and is to be sent to France in a short time. He is well pleased with camp life. He leaves for Fort Sill, Oklahoma Wednesday night.

G. L. Tindall of the east part of the county was a business caller in the city yesterday.

A Case of Good Judgment

Nujol Habits—and No More Piles

Read this remarkable letter:—

NUJOL LABORATORIES,
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Gentlemen:—

For 8 years I was a clerk in a bank on the Pacific Coast, it necessarily being a confining position. During that time, and also before, I was troubled with bilious headaches (one every two months or so) and suffered with chronic constipation. The last three or four years I have had piles in bad shape, trying several doctors with little relief.

Moving to Forsyth about 2 years ago I tried outside work for 9 months but seemed to be as bad as before.

Saw a "Nujol" ad one day in some magazine and thought I'd give it a trial.

In all I have taken three bottles. After about the third or fourth tablespoonful the benefits were very marked and since using same I have not had one headache and am now as regular as the sun himself and the piles are getting much better.

Nothing I can say or write can anywhere near express the wonderful benefit your remedy has done for me.

Very truly yours,
(Name and address on request).

November 21, 1916.

Regular as Clockwork

HERE is a serious case of chronic constipation and painful hemorrhoids (piles) both effectively relieved by Nujol. Take the precaution to insure regular bowel-habits—the healthiest habit in the world. Remember that Nujol protects piles and reduces inflammation. Help to heal them by the use of Nujol—the remedy of countless thousands who strongly recommend it.

Nujol is gentle and effective in action. Clears the system without upsetting digestion; relieves without griping or dangerous reaction; restores healthy bowel-habits naturally, without artificial stimulation. Nujol is safe for all; pleasant to take. Avoid harmful pills and salts. Take Nujol and be "regular as clockwork."

ABSOLUTELY HARMLESS

There are no substitutes—there is only Nujol. At every drug store. Send 5c and we will ship new kit size to United States soldiers or sailors anywhere.

War Conditions Met by Most Miles per Dollar

THE new demands for economy in motor car operation found Firestone ready. Tire thrift has for years been coupled with Most Miles per Dollar.

Motorists who had not known Firestone superiorities before are now turning to them in this period of careful buying of all necessities.

Study these advantages of the improved Firestone Fabric Tire:

① Deeper cushion stock protects body of tire against injury and increases resilience.

② More rubber between layers gives greater resilience and

added protection against internal friction.

③ Reinforcement in sidewall strengthens head and places the bending point where tire is strongest.

④ Thick, tough tread affords longer surface wear.

Ask your dealer to show you this cross-section of the Firestone Fabric Tire so you can see for yourself its superiorities. Then try a Firestone Tire on your car. It's real economy.

OPEN PERMANENT HEADQUARTERS

War Savings Committee Now Located in Morrison Block—Citizens Show Generosity to Committee.

The Morgan County War Savings Committee has opened permanent headquarters for active work in the Morrison Block and the rooms present scenes of bustling activity at all hours of the day and far into the night.

The office is in charge of Chairman Carl H. Weber who devoted several hours a day to the work of the committee after completing his day's work in the office of the County Clerk.

Miss Lee Turley who has been acting as secretary and stenographer to the committee has received an appointment with the government as stenographer in one of the departments in Washington, D. C., and leaves Thursday to assume her new duties. Miss Alma Mackness, at present employed in the office of Dr. Harker, president of Illinois Woman's college, has been secured to take the place vacated by Miss Turley and will begin work Monday.

Meetings of the County Committee are held in the headquarters rooms each Monday afternoon and plans are devised for the promotion of the campaign by the various committees represented.

A large supply of stationery, posters, literature and other advertising material relating to the War Savings Campaign is kept on hand and is distributed through the county when requested by the precinct workers.

Local Individuals Generous
The headquarters are maintained in the two splendid rooms in the Morrison Block, across from the Court House, recently vacated by Attorney John M. Butler. Mr. Thomas Worthington, owner of the building very generously tendered the use of these rooms to the committee without charge, which patriotic action, needless to say was thoroughly appreciated by the committee and workers.

In addition to the generous offer of Mr. Worthington, the Jacksonville Railway and Light Company, thru Mr. Gray, the superintendent, provides gratis the electric light used by the office.

force in their midnight labors.

Telephones are furnished without cost by the Illinois Telephone Company, and by the Central Union Telephone Company, who are anxious to add their most acceptable and necessary contributions to the success of the War Savings Campaign in this county. The number of the Illinois phone is 1155 and that of the Bell phone is 217, and any person wishing information with regard to either the Thrift Stamps or the War Savings Stamps or any matter pertaining to the Campaign is invited to call up at any time.

Tables and chairs for the office have been furnished by Andre and Andre and by Johnson, Hackett and Guthrie, and office files and other material by the Graphic Arts Company, and by C. A. Boruff, County Clerk.

During the present campaign for the War Camp Community Recreation fund, the War Savings office is shared by the committee in charge of the later campaign, many of the workers being actively engaged in promoting both campaigns. Chairman Spoons of the War Camp fund committee is present during the greater part of the day, assisted by Mrs. Spoons and by W. S. Badger.

The chairman and committee-men of both committees desire to express publicly their sincere thanks and appreciation for the generosity of the merchants and individuals mentioned in this article whose interest and patriotic offers of rooms and equipment have contributed so largely to the present and future success of these campaigns.

GIFT OF \$1,000 FOR WOMAN'S COLLEGE

This Sum Added To The W. F. Short Professorship and English Literature.

President Harker of the Woman's college yesterday had the pleasure of making known a gift of \$1,000 from a Jacksonville resident toward the Dr. W. F. Short professorship and chair of English literature. Some time ago the movement to provide this chair was inaugurated with the purpose of raising a total fund of \$40,000. The gift just announced brings the sum thus far given past the \$7,000 mark and there is every reason to believe that before a great amount of time has passed the whole sum will have been contributed.

The college authorities have two such movements under way as liberal contributions have already been made toward the Dr. Harker professorship and chair of Bible literature and English education. Recently Dr. Harker received for the college endowment fund of \$200 from the estate of Mrs. Martha C. Oliver and \$100 from the estate of Miss Emma Capps. Friends of the college are making requests to the institution from time to time, and the movement for a greater endowment moves forward steadily.

We will offer the 1918 Overland cars we now have in stock at a reduction of \$100 regular price.

PATRIOTIC BALL AT STATE HOSPITAL

A patriotic ball will be given this evening at the amusement hall of the Jacksonville State hospital at the annex. The proceeds of the ball, which is given by the employees of the hospital, will go to the recreation fund for the soldiers. An admission fee of 50c will be charged for each person. Sandwiches, ice cream, coffee and cake will be on sale. It is hoped by those in charge of the affair that there will be a large number present to enjoy the evening and make the occasion a success.

LAST SERVICE HELD

The last of the pre-Easter services conducted by the C. W. B. M. auxiliary of Central Christian church was held at the Old People's Home Sunday afternoon at 2:30 o'clock. There were twenty members present beside forty visitors, including the ladies of the home. Mrs. Pontius was in charge of the services which were the most interesting of any of the pre-Easter services, because of the interest shown by a number of the sainted women in the home. Two of them sang a duet, both of these ladies being blind. Another ninety years of age sang a solo. All united in singing a song. It was a joyful and inspirational meeting and a fitting close for this most splendid week of helpful services. Interest centered around the opening of the self-denial box, which grew into enthusiasm when it was found the box contained more than \$12. All departed for their homes feeling that the week's service had been helpful in many ways.

SUITS FOR DIVORCE.

Harry Platt has brought a suit for divorce from his wife Lona Platt by his attorney F. L. Gregory. The case will be heard at the May term of the circuit court. They were married May 28, 1901 and lived together until February 1916. Desertion is the charge made by the complainant.

Another suit for divorce is that filed by W. W. Wright on behalf of Mrs. Eddie Sanders who is seeking separation from her husband, Clyde Sanders whom she charges with desertion and drunkenness. They were married in March, 1912, and lived together until December, of 1917.

PROBATE COURT.

In the estate of George W. Black, letters of administration were issued to Louie Black and bond fixed in the sum of \$5,000.

In the estate of Phil Hackman, a report was filed by O. F. Bufile, who was appointed administrator to make collections. This report showed notes and collections amounting to something over \$8,000.

HELD ANNUAL CHURCH BUSINESS SESSION

People of Westminster Look Back Over Active Year—Department Reports Made and Officers Named.

The annual meeting of the membership of the Westminster church was held Wednesday night. Following the church supper a business session was held when reports for the year were presented and church officers were elected. Dr. E. B. Landis, pastor of the church, was the moderator and W. T. Brown the stated clerk. The reports from all the departments indicated a year of unusual activity and progress. The pastor himself made the first report and reported that he had carefully compiled throughout the year the facts to show how liberal have been the contributions of Westminster people to work outside the church.

This report mentions that within the church \$3,650 has been expended for various lines of work and outside the church this sum has been expended by nearly \$5,000. The minister in this list referred to contributions to Red Cross, the army Y. M. C. A. and similar enterprises. These contributions readily total the sum of \$4,500. One of the liberal contributors has been Miss Isabel McFarlane, who owns the store building occupied by the Red Cross for nearly a year past. Her contribution given in this quiet way, had a real value of \$545. The church has sent nearly \$1,000 to missions and the figures as the minister gave them all indicated generous interest in various enterprises.

The women of the church have been very active in sewing and knitting work and it is known that several hundred dollars' worth of goods have been made.

Department Reports.
The reports were made for the following departments of church work:

Home Missionary Society—Mrs. Ensley Moore.
Foreign Missionary Society—Miss Hattie Phillips.
Guild—Miss Louise Holmes.
Missionary Band—Miss Jessie Holmes.
Ladies' Aid Society—Miss Ainslie Moore.
Sunday School—Miss Mary Updegraff.
Session—W. T. Brown.
Treasurer—Mrs. G. C. Guthrie.
Trustees—J. A. Ayers.
Necromancy—Ensley Moore.

An election of officers was held and Messrs. Ensley Moore, C. Spruit and W. T. Brown were re-elected elders. C. B. Massey was named to succeed himself as deacon. Nominations for trustees were quite numerous and the ballots showed the election of the following: Frank Elliott, W. J. Brady, Andrew Russell, O. F. Conklin, George S. Rogers, J. H. Russell, J. W. Walton.

An excellent supper was served preceding the business session and the occasion was one all of the members of the church thoroughly enjoyed. The rooms where the session was held had been decorated with flags and in various ways the meeting was one of the most notable in recent church history.

Jacksonville lodge No. 570, A. F. & A. M., will hold a stated meeting to-night at 7:30. Visiting brethren welcome. Normal Kuykendall, W. M. E. L. Kinney Sec'y.

WOMAN'S COLLEGE STUDENTS ORGANIZE FOR WAR FUND.
Girls at the Woman's College are enthusiastically at work for the soldier's war recreation fund as the result of a booster meeting held recently. At this meeting the purposes of the movement were fully explained and the various teams were organized. The expectation is to have a contribution of some amount from each student and member of the faculty so that everybody connected with the college may have a part in the campaign. There is no question but that a generous sum will be raised at the college.

HI Y CLUB MEETS.

The regular meeting of the Hi Y club was held at the Y. M. C. A. Wednesday evening with the average attendance of the members present. Rev. Myron L. Pontius, pastor of Central Christian church, made the principal address of the evening, taking as his text the subject, "What Jesus saw in Nazareth." His words were listened to with a great deal of interest. An excellent supper was served by the ladies of Grace church.

PATRIOTIC BALL AT STATE HOSPITAL.
A patriotic ball will be given this evening at Jacksonville state hospital for the benefit of the soldiers recreation fund. The orchestra from the school for the blind will furnish the music and a very delightful time is anticipated. Mrs. E. L. Hill is making the arrangements for the event.

BETTER UNIFORMS FOR MILITIA COMPANY

Funds Already Subscribed Will Provide Only Cheapest Kind—Example of Lincoln and Springfield Cited.

The order placed for uniforms for members of the local militia company has been held up by direction of officers of the company in the hope that enough additional funds may be secured during the next few days to make possible the purchase of uniforms of better quality. The fund raised by subscription amounts to approximately \$800 and this means that unless more money is subscribed that nothing but cotton uniforms can be purchased. If an additional \$400 is subscribed the men can be supplied with uniforms of practical quality and in accord with uniforms supplied for militiamen in other cities. In Lincoln \$1,000 was quickly subscribed for outfitting the two companies of militia and in Springfield one of the local companies in a few days' time raised the money to provide uniforms of good quality for the company raised there.

One Jacksonville subscriber gave \$200 and other subscriptions were from \$25 to 50c. When the proposal was made yesterday to secure the additional \$400 a telephone promise was easily secured from J. Capps & Sons that they would contribute one tenth or an additional sum of \$40 to the sum already given. It is believed by members of the company and those interested in its organization that if the public is only made to understand the situation that there will be little trouble in raising the additional \$400 to make possible the securing of the right kind of uniforms.

Members of the company feel that in accordance with the custom elsewhere and because of the fact that they are willing to devote a night each week to drilling and to offer their services for military duty within the state, that the general public should at least be willing to furnish the money to purchase uniforms. Unless this money can be secured the uniforms will of necessity be of poor quality and the men cannot make a satisfactory showing with other companies.

Any persons who is willing to make a subscription or to increase one already made will find the list with Felix Farrell, who is a lieutenant in the company.

National Sale Kroehler Bed Davenport

March 30 to April 1

Saturday was the opening day of the Big National Sale

KROEHLER BED DAVENPORT

Come to our store any day and as to see a demonstration of this wonderful davenport.

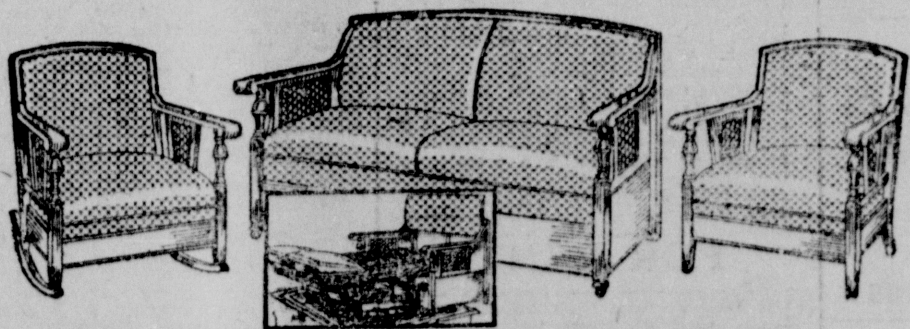

These are sold in two types—the Kodav is the short davenport; the Daveno is the long davenport. But the one best suited to your room. Either has full sized 72x48 inch, comfortable, sanitary, all steel bed frame with sagless spring. They're a great economy—save space, save rent.

Cash or our liberal credit plan.
